## **RISO SF9490 Digital Duplicator Now Available**

Dear Dealer,

Please be advised that the company's latest digital duplicator, the RISO SF9490, is now available for sale in the US and Canadian markets. As a replacement to the high-speed, high-volume SE9480, the RISO SF9490 offers superior print quality at a true 600x600 dpi while simultaneously delivering even faster speed of up to 190 pages per minute (11,400 impressions per hour, including 11x17" sheet size).

Material containing information on the SF9490 is currently available to all RISO dealers on the RISO dealer website. There you will find electronic brochures for the SF9490, print samples, and pricing, available for viewing and download.

The SF9490 is packed with improvements that make it faster, sharper, and easier to use delivering the high speed, reliability and durability that RISO duplicators are known for.

For more information about ordering the new RISO SF9490, please contact your RISO representative. Thank you for your continued support!

Sincerely,

A handwritten signature in black ink, appearing to read 'Kristina Donehew'.
