## $FR3950\alpha =$

>Take control of your printed work from concept through completion! With advanced technology in electronic imaging, the FR3950lpha will greatly enhance your printing and desktop publishing capabilities. New imaging software, newly developed high-sensitivity masters, and improved inks raise the FR3950 $\alpha$ 's output quality to the highest ever in a 400 dpi duplicator.

>Like all Risographs, versatility is built into the FR3950 $\alpha$ , from printing on a wide variety of paper sizes and weights, to multi- and spot-color printing, and to multi-up printing. Internal soundproofing reduces noise as the FR3950 $\alpha$  prints up to 120 pages per minute. And with the industry's first built-in SC3500 System Controller, a single cable is all it takes to connect the FR3950 $\alpha$  to your What else would you expect from the digital duplicating technology?
