

M620

multi-function printer

b e n e f i t s

Easy-to-use

The RISO M620 MFP utilizes an intuitive touch-screen interface that is uncomplicated, even for the most inexperienced user. Copy, fax and scan options are straightforward and plainly labeled, making navigation a snap. The color touch-screen has a built-in user manual that makes searching for the manual behind or under the machine a thing of the past!

Fast and efficient

The RISO M620 is a full-featured MFP that can help you effectively tackle all of your document-based business needs. With its fast, 30 page-per-minute engine, even the most graphic-intensive documents get delivered on time. Fax and color scanning are standard, not expensive add-ons that you find with many copier-based MFPs. Add in optional duplexing and finishing, and see how productive the RISO M620 MFP can make your business.

Leverage your corporate network security

The RISO M620 MFP features a built in corporate security option to prevent unsolicited scanned e-mails to anyone in your organization. With this feature enabled, users must log into the network through the color touch-screen to utilize the scanning features, which will automatically add the user's e-mail address.

Save money with scanning

Think of the money you can save by eliminating long distance fax charges in favor of scanning directly to e-mail! The RISO M620 MFP adds easy to use, color scanning features to your workplace. Its intuitive touch-screen allows you to search for an e-mail address in an on-line corporate directory or manually enter an address, subject and message.

Increased productivity via electronic document automation

The RISO M620 MFP also works with Lexmark Document Distributor software, allowing you to implement customized document workflow solutions. Lexmark Document Distributor eliminates many manual, time-consuming workflow processes by automating your most complex document-based tasks. Robust routing, indexing and archiving capabilities are achieved with one-touch simplicity and accuracy.

M1620

multi-function printer

specifications

technology	Monochrome laser
paper supply	Standard (sheets): 500 + 100 Multipurpose Tray Maximum (sheets): 2600 (with standard output only) Supported weights: 16# bond to 65# cover Supported standard sizes: A4, JIS B5, Letter, Legal, Executive, Folio and Universal
starter supplies	10,000 Use and Return print cartridge, 30,000-page* high yield Use and Return print cartridge, 30,000-page* high yield print cartridge
output/finishing	Standard paper output: 500 Maximum paper output: 4100* Finishing: Optional StapleSmart finisher Output Expander, Mailbox
system performance	System standard memory: 32 MB + 128 MB in scanner unit Hard disk: Yes, Optional System processor: 300 MHz + 350 MHz in scanner unit
connectivity/network management	Standard ports: 10/100BaseTX Ethernet and USB Optional ports: Token Ring, Local Talk, Serial, Infrared, Coax, Twinax, Fiber Optic Operating system: Microsoft Win NT/95/98/2000/Me/XP, Novell Netware, IBM OS/2, Unix, /Me/XP, Linux, TCP/IP, MAC OS Network management software: MarkVision Professional Embedded web server for configuration: Yes
network printing	Speed: Up to 30 ppm Time to first print: < 10 sec. Max resolution: Up to 1200 x 1200 dpi Data streams: PSL3, PCL6, PPDS Duplex: Optional 500 sheet Confidential print: Yes Account tracking: No Electronic collation: Yes
digital copying	Speed: Up to 30 ppm Time to first copy: 13 seconds Copy select: 1 to 999 Content selection: Text, Mixed, Photo Reduce/Enlarge: 25% to 400% Automatic duplex: Optional Multi-up copying: 2-up, 4-up, portrait or landscape Electronic collation: Yes Watermarks: Draft, confidential, urgent, copy
