M522

multi-function printer

benefits

Affordable

The RISO M522 MFP incorporates print, copy, fax and color network scan capabilities into one device at a very affordable price. The RISO M522 MFP consolidates supplies for print, copy and fax, and the optional duplexing with multi-up capabilities saves paper. Powerful, yet affordable features integrated into one compact multifunction device save you money and space.

Easy-to-use

The RISO M522 MFP has an intuitive, easy-to-use interface to increase productivity. Users seldom wait for print jobs with this high performance, 25 ppm, network multifunction solution. Now you can print complex, demanding jobs with the ease-of-use and image quality you expect in a digital device. You can scan your documents and fax or e-mail them wherever you want, for walk-up, anytime use.

Document Workflow Solutions

The RISO M522 MFP works with Lexmark Document Distributor software that allows you to implement customized document workflow solutions. Lexmark Document Distributor eliminates manual, time-consuming workflow processes by automating your most complex document workflow problems. Robust routing, indexing and archiving capabilities are achieved with one-touch simplicity and accuracy.

Network Proven

The RISO M522 MFP is network proven with unsurpassed compatibility and reliability. Standard 10/100BaseTX Ethernet provides easy network connections and high performance throughput, and broad datastream and network protocol support ensures compatibility with existing systems.
