

GR2750

multi-faceted

130 ppm

advanced capabilities

GR2750

>Do you need advanced print quality with legal-sized printing capabilities? Then you need the GR2750, RISO's versatile printing solution.

The GR2750 features the same printing technology that powers the high-end GR3750 with a smaller print cylinder designed especially for legal-sized images. It's engineered by the experience of RISO, the world leader in the development of digital duplicating technology.

>The GR2750 is loaded with features that increase your printing options. It can also be customized with a full line of accessories to create the printing solution perfect for your printing needs.
