GR3770

**GR3770: THE FIRST DIGITAL
DUPLICATOR WITH 600 DPI IMAGING**

> The next generation is here! RISO, the world leader in the development of digital duplicating technology, presents the GR3770, the first 600 dpi digital duplicator. The GR3770 offers improved print resolution plus added screening and contrast controls, greatly enhancing the output of photographic images and fine lines.

> The GR3770 gives users the ability to print the widest range of applications quickly, easily, and inexpensively. Combined with the vast array of Risograph accessories and options, the GR3770 Risograph printing system provides the ultimate solution for printing and desktop publishing.
