*RJ*1100

= *high-speed addressing* + *barcoding* capabilities

>The RJ1100 address and barcode printer is a dependable PC-driven printer for convenient, high-volume mail addressing and postal barcoding. This ink-jet printer is compatible with a wide variety of mailing database software packages. It prints directly onto mailer surfaces, eliminating costly and labor-intensive labels.

>The RJ1100 works in-line with your Risograph digital printer to create a powerful printing and mailing system. Explore this and other accessories available from RISO, the world leader in the development of digital duplicating technology.
